You (and your Supplementary Cardholder/s, if any) are likewise responsible for the security of your Card (and your Supplementary Card/s) at all times. Any record of Card usage in any medium, printed or electronic, is considered valid for all purposes, including as proof of transaction in case of dispute.

Whenever you use your Card overseas, you declare that you are a resident of the Philippines. You undertake to inform us once you cease to be a Philippine resident.

For your non-trade Card Transactions, regulations require an application form for the purchase of foreign exchange. The following may serve as your application form:

As soon as we receive your call, we will cancel your Card to prevent further transactions. We may replace your Card for a fee. At your option, we may also provide you with a new Cash Advance Personal Identification Number ("CA PIN") and/or Telephone PIN ("TPIN").

FEES AND CHARGES

You agree to pay an Annual Membership Fee for the issuance and use of the Card, as well as fee/s for other facilities and services that you avail of and/or for the maintenance and administration of any balance

or transaction on the Card ([See the Citi Card Fees and Charges for the prevailing rates](#)). The said fee/s shall be deducted from the available Relationship Limit or Account Credit Limit.

You agree that we may change or increase the Interest charges, Annual Membership and other fees, and other charges, and their rates and calculation from time to time at our sole discretion. We will notify you of any changes on Interest charges, Annual Membership and other fees, and other charges before these take effect.

MERCHANTS

In case your Card is not accepted by any merchant, bank, financial institution, or person for any reason, we will not be liable for any loss, inconvenience, or expense that you may experience, unless the non-acceptance is due to our gross negligence or willful default.

We are not responsible for any defective product or service purchased using your Card. Any complaint on the product or services should be referred directly to the merchant and will not affect your obligation to pay the Total Amount Due and any remaining unpaid installments on your Card.

SUPPLEMENTARY CARDS

At your request, we may issue Supplementary Cards on your Card account. Charges using Supplementary Cards will be reflected in your SOA. You agree to pay for all outstanding obligations under the Supplementary Card, including Citi Cash Advances, and all charges, Interest charges, and non-refundable fees, even after you request for its cancellation. You will be responsible for ensuring that the physical Supplementary Card has been properly disposed of to ensure that it can no longer be used.

CREDIT LIMIT

Your Relationship Limit ("RL") is the maximum amount that you can spend on all of your Cards. Your Relationship Balance is the sum of the unpaid balances (including unbilled principal of any outstanding Installment Transactions) on all your Cards. On the other hand, the Account Credit Limit is the maximum amount that you can spend on the assigned Card.

You may identify spend limits for your Supplementary Cards ("Spend Limit"). Each Supplementary Card's Spend Limit is part of your Card's ("Principal Card") RL or Account Credit Limit and will remain fixed until you give us instructions to change. Even if the Supplementary Cardholder's Card Transactions from the previous months are not paid in full, the same Spend Limit per card will apply every month, provided that there is still available RL or Account Credit Limit.

If the assigned Spend Limit is greater than your RL or Account Credit Limit, or if no Spend Limit has been assigned, the Supplementary Card's Spend Limit will be automatically set to the RL or Account Credit Limit of your Principal Card.

We may increase or decrease your RL or Account Credit Limit, as applicable, and in our sole discretion. We will notify you should there be any adjustment on your RL or Account Credit Limit. If your unpaid balance exceeds the new Credit Limit, you must immediately settle the excess.

In some instances, we may authorize transactions on your Principal Card and any Supplementary Cards even if they cause the Relationship Balance on your Cards to exceed the RL or the applicable Spend Limit. In case your Relationship Balance exceeds your RL, the balance in excess of your RL will be your Overlimit Amount; this will be indicated separately from your Minimum Amount Due on your SOA. Once your Card account becomes over limit, all your Citi Cards will be immediately blocked; you will be charged an Overlimit Fee right after the transaction that caused your Card account to exceed your RL; and you may not be able to use any of your Citi Cards. You may only continue to use your Citi Cards after you settle your Overlimit Amount or your total payments have reduced your Relationship Balance to an amount lower than your RL or Account Credit Limit. The Overlimit Fee will be billed on the next SOA of the Card where such transaction

was charged. However, the fee will only be charged once within the same month even if you make multiple purchases across your Cards exceeding your RL (See the Citi Card Fees and Charges for the prevailing rates).

You agree that all transactions, including the unbilled principal of any outstanding Installment Transactions, form part of your RL or Account Credit Limit.

If you have existing unsecured credit facilities with us, you agree and consent for us to review and adjust the credit limits of the said facilities in our absolute discretion in accordance with our credit policies.

For Citi Cash Advance availed overseas, we will collect, store and communicate data to process the transaction; this may include identifying Card account balance information. Interest charges on Citi Cash Advance transactions are computed from the day of availment until all related balances are paid in full. Citi Cash Advance is also subject to a Citi Cash Advance service fee (See the Citi Card Fees and Charges for the prevailing rates). We will notify you of any changes on interest rates, fees and charges before these take effect.

Earning and redeeming of Usage Privileges for the different Card products are governed by the respective Card’s terms and conditions.

These Usage Privileges may only be earned and redeemed if your Card account is in good credit standing. CITI PAYLITE INSTALLMENT PLAN

The Citi PayLite Installment Plan and/or its successor service or facility, is an Installment facility available to Citi Cardholders for purchases of select goods and services at accredited Citi PayLite merchants in the Philippines, using the Citi credit card. It is subject to approval based on the available Relationship Limit or Account Credit Limit / Spend Limit, as applicable, at the time of purchase and conversion or processing as applicable.

Under the Citi PayLite Installment Plan, you can pay for the purchase amount (“Principal Amount”), together with applicable interest and other fees, if any, in equal monthly installments (“Installment Transaction”) for the term (“Term”). The equal monthly installments will, after the merchant submits the transaction for settlement (“Posting Date/Conversion Date/Processing Date”), be billed to your Statement of Account (SOA) every month until the end of the Term.

The Citi PayLite Installment Plan is available for single-receipt purchases of at least Php3,000 or such other amount as may be determined by us from time to time.

You may pay for your purchases via the Citi PayLite Installment Plan at 3, 6, 9, 12, 18, 24 or 36-month terms or as otherwise specified by the merchant offering the Citi PayLite Installment Plan.

The Monthly Installment Due will be billed and reflected on your SOA after the Posting Date/Conversion Date/Processing Date as [Merchant Name (001:00x)] and so forth. You may compute the monthly installment due ("Monthly Installment Due" or "MID") using the following formula:

$$\frac{\text{Principal Amount} \times [1 + (\text{Converted Monthly Factor Rate} \times \text{Term})]}{\text{Term}}$$

Where Term is the number of months that you chose for your Installment Transaction.

Citi PayLite NOW

The MID of your Citi PayLite NOW Installment Transaction comprises the billed Principal of your Installment Transaction.

Up to June 30, 2021, each Monthly Installment Due of your Citi PayLite Transaction was included in the Minimum Amount Due in your Statement of Account. However, starting July 1, 2021, 1% of the billed Monthly Installment Due will be included in the Minimum Amount Due in your Statement of Account and 1% of the unbilled Principal of your Citi PayLite Transaction will be part of the calculation of your Minimum Amount Due in your Statement of Account until the end of the Term of your Citi PayLite Transaction. Please note that the billed Monthly Installment Due still forms part of your Total Amount Due in your Statement of Account. To know more about how your Minimum Amount Due is calculated starting July 1, visit www.citibank.com.ph/mindue.

We will charge the interest rate and/or fees, if any, as disclosed at the date of availing the installment transaction which shall be applicable during its entire Term. No additional fees and interest will be charged for this Installment Transaction, ONLY if we receive (or had received) payment in full of the Total Amount Due stated on your monthly Statement of Account by the payment due date every month until you have paid all installments.

For payments you made until June 30, 2021, that is:

- a) equal to or greater than the Minimum Amount Due but less than the Total Amount Due indicated in your current (or previous) Statement of Account, the billed Monthly Installment Due in your current Statement of Account will be subject to the prevailing monthly retail interest charge from one day after Statement Date to one day before payment date. Interest will be compounded on a monthly basis.**
- b) less than the Minimum Amount Due as reflected in your current (or previous) monthly Statement of Account, the Monthly Installment Due will be subject to the prevailing monthly retail interest charge from one day after Statement Date to one day before payment date and additionally any unpaid portion of the Monthly Installment Due will also be subject to the prevailing monthly retail interest charge from the payment date to the next statement date. Interest will be compounded on a monthly basis. Usual Late Charges will also apply. The prevailing interest rate, fees and charges are available at www.citibank.com.ph/cardsrandf.**

From July 1, 2021, if we did not receive the full payment of the Total Amount Due as indicated in your current or previous monthly statement of account, (i)the billed monthly installment due in the current statement, and (ii)any unpaid portion of any previous monthly installment(s) due in your current Statement of Account will be subject to daily interest at the Retail Interest Rate as set out in the statement of account. This daily interest on the installment will be charged from one day after statement date until:

- i. **one day before the payment date of the installment transaction, if you pay the Total Amount Due on or before the payment due date OR**
- ii. **the date you pay the full Total Amount Due after the Payment Due Date.**

Interest will be compounded on a monthly basis.

The Citi PayLite NOW Transaction will take more than the scheduled Term to pay off in full if only the minimum amount due is paid. In addition, if we do not receive the full payment of the Minimum Amount Due by the Payment Due Date, you must also pay the applicable Monthly Late Charge (See the Citi Card Fees and Charges for the prevailing rates).

Variants of Citi PayLite NOW:

1. Citi PayLite enabled by Global Payments

Citi PayLite enabled by Global Payments is an Installment facility available to Citi Cardholders for purchases at participating merchants which meet the required minimum purchase amount per tenor.

Under this Program, the straight single-receipt transaction at the participating merchants ("Merchants") using the Citi credit card shall, after the Merchant submits the transaction for settlement ("Conversion Date"), be submitted for conversion to an Installment Transaction, subject to Citibank's approval. If the conversion to an Installment Transaction is approved, you may pay for the Principal Amount in installments.

Upon your instruction to the Merchant that you would like to avail of the Program, the Merchant will swipe your Citi credit card for the purchase amount at the pre-identified Global Payments terminal. The charge slip will reflect the details of the Installment Transaction you requested (term and monthly installment amount), and your agreement to the terms and conditions of the Program. Once the transaction has been verified and converted to an Installment Transaction, you will receive a confirmation SMS. If your transaction is not successfully converted to an Installment Transaction, you will receive a rejection SMS and the purchase amount will reflect on your statement as a straight single-receipt transaction.

The MIDs will be billed and reflected on your Statement of Account after the Conversion Date as [Merchant Name (001:00x)] and so forth.

2. Citi PayLite via real-time SMS

This is an Installment facility available to select Principal Citi Cardholders for purchases at participating merchants which meet the required minimum purchase amount per tenor.

If you qualify for Citi PayLite via real-time SMS, the straight single-receipt transaction at the participating merchant's website using the Citi credit card under the program may, at your option and after the merchant submits the transaction for settlement ("Processing Date"), be converted to an Installment Transaction. To avail of Citi PayLite via real-time SMS, you should choose the correct payment option on the merchant's website; you should also submit the PayLite request through the program microsite before 4:30 a.m. of the next day. Otherwise, the transaction will not be eligible for PayLite processing and will be posted as a straight single-receipt transaction.

Upon your confirmation of the purchase at the merchant's website via the correct payment option, your Citi credit card will be charged for the straight single-receipt purchase amount. You will receive an SMS message from Citi indicating that you can convert your straight single-receipt transaction at the merchant to Citi PayLite. When you click on the link in the SMS, you will be redirected to the program microsite to submit the request. After you click submit, you will receive an SMS from Citi confirming the receipt of your request. The request must be received by Citi before the deadline of 4:30 AM on the next day.

Once the transaction has been verified and converted to an Installment Transaction, you will receive a confirmation SMS. If your straight single-receipt transaction is not successfully converted to an Installment Transaction, you will receive a rejection SMS and the purchase amount will reflect on your statement as a straight single-receipt transaction.

The MID will be billed and reflected on your SOA after the Processing Date as [Merchant Name (001:00x)] and so forth.

Other Common Provisions for Citi PayLite:

If the Card account is past due for sixty (60) days or more, the Installment Transaction will be cancelled. Any remaining unpaid balance will be billed to the Card account in full and will be subject to the prevailing monthly retail Interest charge. Please refer to the Citi Card Fees and Charges at www.citibank.com.ph/cardsrandf for the prevailing rates, fees and charges.

You acknowledge that your Installment Transaction will be maintained for the Term stated on the charge slip, Promo consent form, Promo microsite or confirmation SMS or any other documents or records that may have been furnished to you, and that we have already incurred cost of funds and committed yield to fund sources to finance the Installment Transaction.

If you wish to cancel an Installment Transaction before its Term ends, you may do so, without a prepayment penalty, by calling CitiPhone. In that case, you agree to pay in full the unpaid portion of the Principal Amount and the cancellation processing fee of **Php300**, plus, for Citi PayLite with CMFR Installment Transactions, the pro-rated Interest Charge on the cancelled Installment Transaction computed based on the actual number of days from the last Statement Date until the date of cancellation. The pro-rated interest is calculated by multiplying (i) the remaining unbilled portion of the Principal Amount, (ii) the applicable monthly EIR, and (iii) the number of days from the last Statement Date to the date of cancellation; and dividing the total by thirty (30) days.

APPLICABLE FEES AND CHARGES:

Cancellation Processing Fee = Php300

In case of promotions where we give you a premium item/s (which include promotional items, Usage Privileges, etc.), we may charge the full monetary equivalent of the premium item should you cancel the Installment Transaction.

Upon your availment, we already pay for the goods or services in full. In the event that a Citi PayLite merchant from whom you purchased the goods or services for future delivery ceases to operate, you will still be liable to pay for all unpaid MIDs.

If you wish to request for a refund from the merchant, the standard refund process of the merchant will apply. There will be no change to the Installment Transaction under the facility, and the MIDs will continue to be billed to you for the Term. The amount to be refunded by the merchant will be credited back to the Card. Once the refund is completed, you must cancel the Installment Transaction by calling CitiPhone at 8995-9999 between 8am to 9pm daily.

Any disputes on your Installment Transaction should be directed to the corresponding merchant. You must also send the signed and completed Cardholder Dispute Form (available via Citibank Online at www.citibank.com.ph or by calling CitiPhone) and any supporting documents via email to dispute.ph@citi.com within thirty (30) days from the date of the SOA in which the disputed Installment Transaction is first reflected.

In case of (a) any change in law or regulations which gives rise to new additional taxes, higher reserve requirements or similar events, or (b) significant change in the economic environment, we may adjust any applicable charges and Installment interest even before the Term expires.

OTHER INSTALLMENT FACILITIES

Our installment facilities ("Installment Facilities") allow you to pay the following, together with the applicable interest and other fees, on installment basis ("Installment Transaction"), for a specified term ("Term", the number of months within which you will pay for the principal and interest):

- a. any non-installment or straight amounts charged to your Card;
- b. cash availed on installment obtained against your Card;
- c. any amounts or balances transferred from non-Citi credit cards to your Card;
- d. balance from your Citi Card; or
- e. any transaction from your Citi savings/checking account which you applied to convert to installments charged to your Card.

The principal amount of the transactions covered in (a) through (e) is referred to as the Principal Amount.

You should maintain good credit standing to be eligible for any of these Installment Facilities. However, final qualification is still subject to credit evaluation and your available RL or Account Credit Limit, as applicable. We may require a minimum availment amount for these Installment Transactions.

Computation:

You may compute the monthly installment due ("Monthly Installment Due" or "MID") using the following formula:

$$\frac{\text{Principal Amount} \times [1 + (\text{Converted Monthly Factor Rate} \times \text{Term})]}{\text{Term}}$$

Where Term is the number of months that you will be paying for the Principal Amount and Interest.

Up to March 14, 2023, each Monthly Installment Due of your interest-bearing Installment Transaction was included in the Minimum Amount Due in your Statement of Account. Starting March 15, 2023, one hundred percent (100%) of the billed monthly Interest component, and one percent (1%) of the billed Principal component of your interest-bearing Installment Transaction will be included in the Minimum Amount Due ("MAD") in your SOA. One percent (1%) of the unbilled portion of the Principal Amount of your interest-bearing Installment Transaction will be part of the calculation of your MAD in your SOA until the end of the Term of your interest-bearing Installment Transaction. To know more about how your Minimum Amount Due is calculated visit www.citibank.com.ph/eppmd.

Your availment of the Installment Facility means you agree to pay us interest on the Principal Amount on the dates specified in the SOA at the applicable CMFR and effective interest rate per annum based on the outstanding principal balance and the Term.

The MID of your Installment Transaction comprises the billed Principal and interest components, which are computed on a diminishing balance basis. The Interest and principal components of the Monthly Installments Due vary each month and are computed as follows:

- **Interest component:**
Prior month's outstanding principal balance x monthly Effective Interest Rate (EIR), where monthly $EIR = (1 + \text{Annual EIR})^{1/12} - 1$.
- **Principal portion:**
Monthly Installment Due - Interest component for the month.

For these Installment Facilities, you agree that the charging of the Principal Amount is deferred for the first Statement of Account, and acknowledge that you will pay an initial interest in consideration of the longer

payment period provided to you to repay the Principal Amount. The Monthly Installments Due will be reflected on your second and succeeding Statements of Account after the approval date, wherein interest will be computed as set out above.

The initial interest is computed based on the actual number of days from the approval date of your Installment Transaction to your first statement date, and will be charged on your first Statement of Account issued following approval date. The initial interest is calculated by multiplying (i) the approved Principal Amount, (ii) the applicable monthly EIR, and (iii) the number of days from approval date to the first statement date; and dividing the total by thirty (30) days. It will be reflected on your SOA as the charge on Month 0 [Installment Facility or Merchant Name Initial Int].

The Monthly Installments Due will be reflected on your second SOA from the approval date and succeeding SOAs as [Installment Facility or Merchant Name (001:00x)] and so forth.

However, if you pay (or had paid) an amount that is:

- (i) equal to or greater than the Minimum Amount Due but less than the Total Amount Due indicated in your current (or previous) SOA, the billed portion of the Principal Amount of your MID in your current SOA will be subject to the prevailing monthly retail interest charge from one day after Statement Date to one day before payment date. Interest will be compounded on a monthly basis.**

Interest will be compounded on a monthly basis. Usual Late Charges will also apply.**

From March 15, 2023, if we did not receive the full payment of the Total Amount Due as indicated in your current or previous monthly Statement of Account, (i) the billed portion of the Principal component of your MID in the current Statement, and (ii) any unpaid portion of any previous Principal component of your MID in your current Statement of Account will be subject to daily interest at the Retail Interest Rate as set out in the Statement of Account. This daily interest on the Installment Transaction will be charged from one day after Statement Date until:

- a) one day before the payment date of the Installment Transaction, if you pay the full Total Amount Due on or before the Payment Due Date, OR**
- b) the date you pay the full Total Amount Due after the Payment Due Date.**

Interest will be compounded on a monthly basis.

The Installment Transaction will be billed to you according to the scheduled term you have chosen at the time of booking. It may also take more than the scheduled Term to pay off in full if only the Minimum Amount Due is paid. In addition, if we do not receive the full payment of the Minimum Amount Due by the Payment Due Date, you must also pay the applicable Monthly Late Charge. The prevailing interest rate, fees and charges are available at www.citibank.com.ph/cardsrandf.

The above is subject to the terms of our Citi Card Agreement.

In addition, if your Card account is past due for sixty (60) days or more, the Installment Transaction will be cancelled. Any remaining unpaid balance will be billed to the Card account in full and will be subject to the prevailing monthly retail Interest charge.

If you wish to cancel an Installment Transaction before its Term ends, you may do so without a prepayment penalty. In that case, you agree to pay in full the unpaid portion of the Principal Amount and the cancellation processing fee (See the Citi Card Fees and Charges for the prevailing rates), plus where applicable, pro-rated Interest charge on the cancelled Installment Transaction from the last Statement Date until the date of cancellation. The accrued interest is calculated by multiplying (i) the remaining unbilled portion of the

Principal Amount, (ii) the applicable monthly EIR and (iii) the number of days from the last statement date to the date of cancellation; and dividing the total by thirty (30) days.

In case of promotions where we give you a premium item/s (which include promotional items, Usage Privileges, etc.), we may charge the full monetary equivalent of the premium item should you cancel the Installment Transaction.

Product-specific provisions:

- a. **Citi Balance Transfer (BT) Facility.** If you qualify for BT, this facility, and/or its successor service or facility, allows you to transfer your outstanding non-Citi credit card balances to your Card, subject to the applicable Interest and other fees. To avail, (i) you must be the principal cardholder of both the Card account and the non-Citi credit card account, and (ii) your card accounts with us and the other bank or card company must be in good credit standing. CARD PAYMENT

You are liable to pay any and all unpaid balances on your Card account. You must pay **at least** the Minimum Amount Due **plus** the Overlimit Amount, if any, for a particular month. This payment must be received by us on or before the payment due date indicated on your SOA ("Payment Due Date"). The Payment Due Date can vary month to month at our discretion.

Your minimum amount due will be either:

A. The sum of the items below or P500, whichever is higher;

1. Any Past Due Amount;
2. Billed Monthly interest component of interest-bearing installment/s;
3. Billed Interest charge;
4. Billed Late Charge;
5. Total Amount Due (which includes the billed Monthly Installments Due of your Citi PayLite NOW Installment Transactions and the billed Monthly principal component of interest-bearing Installment Transactions for the month) less items 1 to 4, multiplied by the required payment percentage of one percent (1%); and
6. 1% of the unbilled Principal of your Citi PayLite NOW Installment Transactions and unbilled Principal component of interest-bearing Installment Transactions.

Please note that your Current Due (i.e. Minimum Amount Due less Past Due Amount) will always be at least P500 or the sum of: (a) Billed Monthly Interest Component of your interest-bearing Installment Transaction (b) Billed Interest Charge (c) Billed Late Charge (d) the remaining Total Amount Due multiplied by 1% and (e) 1% of the unbilled Principal of your Installment Transactions. Current Due may be less than P500 or the sum of items a-e for certain cases to ensure that Minimum Amount Due will not be greater than Total Amount Due.

Or:

B. Your Total Amount Due if it's less than or equal to Five Hundred Pesos (P500).

The one percent (1%) of the unbilled Principal of your Citi PayLite NOW Installment Transactions and interest-bearing Installment Transactions is used only for the purpose of computing the Minimum Amount Due, but the same does not form part of your Total Amount Due for the month until it is actually billed. Interest charges will not apply to the portion of the unbilled Principal included in the computation of the Minimum Amount Due. Also, the payment you make corresponding to the said amount will be applied to reduce your billed balance in accordance with the clause on payment application in this section.

Your Overlimit Amount, if any, is the portion of the Relationship Balance (including unbilled principal on installment transactions, if any) which exceeds your RL or Account Credit Limit. This will be indicated separately from the Minimum Amount Due on your SOA. Once your Card account becomes over limit, all your Citi Cards will be immediately blocked and you may not be able to use any of them. You may only continue to use them after you settle the Overlimit Amount or your total payments have reduced your balance to an amount lower than your RL or Account Credit Limit.

Your Total Amount Due is your billed balance as of Statement Date; it consists of all Card Transactions made or charged on or before the Statement Date and any remaining unpaid balance from the previous SOA.

If you pay less than the Minimum Amount Due by the Payment Due Date, your Card account will be considered past due and the applicable Late Charge, Interest charges and other charges will be incurred by the Card account. Also, the Minimum Amount Due or the portion of the Minimum Amount Due that you did not settle on or before the Payment Due Date based on the current SOA will be reflected as the Past Due Amount on your next SOA. In case your Card account is cancelled or closed due to your failure to pay the required amount by the Payment Due Date, we will declare the total unpaid balance, which includes any unposted transactions and unbilled Monthly Installments Due, to be immediately due and demandable. When we declare the total unpaid balance due and demandable, the Past Due Amount on your SOA will still be computed based on the Minimum Amount Due computation in the 2nd paragraph of this section. With the total unpaid balance already being due and demandable, the Minimum Amount Due on your SOA is your Total Amount Due.

If you pay less than the Total Amount Due by the Payment Due Date, your Card account will be charged Interest as described in the Interest Charge section. Even if you pay the Total Amount Due in full on or before the Payment Due Date of your current SOA, any unpaid portion of your Previous Balance will incur Interest as described in the Interest Charge section; the Interest computed on any unpaid amount of the Previous Balance will be charged on your next SOA ("Residual Interest").

We will apply the payment to your Card in the following order:

*Payment will first be applied to any unpaid Monthly Installments Due of your interest-bearing Installment Transactions billed prior to March 15, 2023.

- a. Billed Monthly Interest component of your interest-bearing Installment Transactions for the month and any unpaid Monthly Interest charge component of your interest-bearing Installment Transactions from the previous month/s;
- b. Citi Cash Advance interest charge for the month and any unpaid Citi Cash Advance interest charge from the previous month/s;
- c. Retail Interest charge on the billed portion of the Principal Amount of your interest-bearing Installment Transactions for the month billed after March 15, 2023 and any unpaid Retail Interest charge on the billed portion of the Principal Amount of your interest-bearing Installment Transactions from the previous month/s;
- d. Retail Interest charge for the month and any unpaid Retail Interest charge from the previous month/s;
- e. Retail interest charge on the billed portion of the Principal Amount of your Citi PayLite NOW Installment Transactions for the month and any unpaid Retail Interest charge on the billed portion of the Principal Amount of your Citi PayLite NOW Installment Transactions from the previous month/s;
- f. Late Charge for the month and any unpaid Late Charge from the previous month/s;

- g. Citi Cash Advance Service Charge for the month and any unpaid Citi Cash Advance Service Charge from the previous month/s;
- h. Retail Charges or Fees for the month and any unpaid Retail Charges or Fees from the previous month/s (i.e. Returned Check Fee, Overlimit Fee, Processing Fee, Cancellation Processing Fee, Disbursement Fee);
- i. Annual Membership Fees for the month and any unpaid Annual Membership Fee from the previous month/s;
- j. Citi Cash Advance for the month and any unpaid Citi Cash Advance from the previous month/s;
- k. Billed Monthly Principal component of your interest-bearing Installment Transactions for the month billed after March 15, 2023, and any unpaid Monthly Principal component of your interest-bearing Installment Transactions from the previous month/s;
- l. Retail Transactions (including Citi One Bill transactions, and insurance premiums) for the month and any unpaid Retail Transaction (including Citi One Bill transactions, and insurance premiums) from the previous month/s;
- m. Billed Monthly Installments Due of your Citi PayLite NOW Installment Transactions for the month and any unpaid billed Monthly Installments Due of your Citi PayLite NOW Installment Transactions from the previous month/s;
- n. Taxes for the month and any unpaid Taxes from the previous month/s (i.e. Insurance Documentary Stamp Tax).

Should there be any excess payment after all billed balances have been settled, the said excess payment will be applied to your unbilled balances as they are posted on your Card account, following the same order. The amount of the overpayment will not be offset against the unbilled Monthly Installments Due.

Check payments will be credited to your Card account only when the check clears in accordance with local and overseas clearing schedules, net of charges from the drawee bank and our own charges. If you are issued two or more Cards, you authorize us to apply, at our discretion and without prior notice, any payment or overpayment to or credit balance from any Card account to any of your other Card accounts.

TRANSACTION REVERSAL

A transaction reversal occurs when a purchase or transaction charged to the card is reversed and the amount of the purchase or transaction is credited back to the credit card account. This can be initiated by the cardholder, the merchant, or us.

Depending on the reason for the transaction reversal, it may be treated as a payment or as a credit adjustment. If it is treated as a payment, the transaction reversal will effectively reduce the Total Amount Due in your latest Statement of Account (SOA). If it is treated as a credit adjustment, while it reduces your outstanding balance, you still need to pay at least your Minimum Amount Due by Payment Due Date.

Regardless of the nature of the transaction reversal, it is advisable to settle at least the Minimum Amount Due of your current SOA in accordance with the Card Payment section.

If there is a transaction reversal on your account, and you want to find out if it is treated as a payment or as a credit adjustment, you may call CitiPhone at 8995 9999 (Metro Manila and other provinces) or 234 9999 (Metro Cebu) between 8AM to 9PM daily.

INTEREST CHARGE

The applicable monthly interest rates for Retail Transactions and for Citi Cash Advance transactions ("Interest") are stated in your Statement of Account. The applicable monthly effective interest rates ("EIR") for Retail Transactions and Citi Cash Advance transactions are stated in the Citi Card Fees and Charges. Interest rates are quoted based on a thirty (30)-day period. For months with more (or less) than thirty (30) days, the applicable Interest rate shall increase (or decrease) accordingly. Interest is compounded monthly. In accordance with the Philippine Accounting Standards (PAS) definition, effective interest rate (EIR) is the

rate that exactly discounts estimated future cash flows through the life of the loan to the net amount of loan proceeds (BSP Circular No. 730, s2011).

If you pay (or had paid) less than the Total Amount Due indicated in your current (or previous) Statement of Account, all Card Transactions and any amounts charged to your Card, including the unpaid portion of the billed Principal component of Monthly Installments Due of your Citi PayLite NOW transactions and interest-bearing installment transactions shall incur Interest until such time that you have paid the total outstanding balance on your Card in full. Interest is compounded monthly.

We charge interest as follows:

1. We compute interest daily on Cash Advance starting on the transaction date.
2. Retail Transactions, fees and charges, and the principal amount/s of the Monthly Installment/s Due are charged interest daily starting the day after they are billed on your SOA.
3. Unpaid balances from prior SOAs will be carried over to your current SOA and charged interest daily until fully paid. The computed Interest on the unpaid amount of the previous balance will be charged on your next SOA ("Residual Interest").

Any credits, payments, and/or other adjustments made are deducted from the unpaid balance on their respective transaction dates.

We multiply the respective items above per day by the daily Interest rate (which is the monthly Interest rate divided by 30) to determine the daily Interest. We add up all the daily Interest to determine the total Interest for the billing period. Interest is compounded monthly.

We do not compute Interest on any credit balance.

Although the monthly interest rates are as stated in your SOA, the total Interest you pay on an annual basis may be higher depending on the amounts you pay and when you pay. You can save on Interest when you pay more than the Minimum Amount Due and/or pay earlier. Paying less than the Total Amount Due will increase the amount of Interest and other charges you pay and the time it takes to repay your balance.

CREDIT BALANCE

The Card is not designed or intended to store funds, whether as a credit balance, overpayment, or for any other reason (collectively referred to as 'credit balance'). A Card account has a credit balance where the payment made to the Card or the credits reflected on the Card account exceeds the charges or total unpaid balance on the Card account. The credit balance does not earn interest.

You agree not to make a payment which would cause your Card account to reflect a credit balance.

If we receive a payment that exceeds the total unpaid balance on the Card, including any unposted transactions and unbilled Monthly Installments Due, or in the event that the Card account is placed in credit status for whatever reason (for example, if there is a refund for a transaction after you paid the balance on the Card), and the resulting credit balance on the Card account exceeds the thresholds set, we will notify you and return the amount of the credit balance.

The threshold for any credit balance, turnaround time for the return, and the amount of the credit balance to be returned shall be in accordance with Citi policies and the provisions of the applicable laws and regulations, including the US Foreign Account Tax Compliance Act (FATCA).

We will return the credit balance that exceeds your total unpaid balance to a deposit account, which should solely be under your name, at Citibank, or through a Manager's check issued in your name that will be delivered to your registered address in our records.

STATEMENT OF ACCOUNT

While your account is active and has an unpaid balance, we will send you a Statement of Account ("SOA") either to your preferred mailing address or your email address if you are enrolled in Citi Electronic Statement services. If we are unable to verify your preferred mailing address, we will deliver your Citi Card and SOAs to any of the verified addresses in your application form.

For closed Card accounts with credit balance, written off Card accounts, Card accounts with no unpaid balance, or accounts with returned statements, we may send your SOA on a periodic basis.

The SOA is deemed to be accurate unless you notify us of any error in writing within thirty (30) days from the date of the SOA. If you find any error on your SOA, send the signed and completed Cardholder Dispute Form (available via Citibank Online at www.citibank.com.ph or CitiPhone at 8995 9999 in Metro Manila or 234 9999 in Metro Cebu) and any supporting documents via email to dispute.ph@citi.com or deliver them to us at any of our Citibank, N.A. Philippine branches within thirty (30) days from the date of the SOA.

You are not required to pay the disputed amount/s while we are investigating the dispute. However, you must pay the other transactions and charges on the SOA. If, after investigation, we determine that your dispute is invalid, you must settle the disputed amount and the corresponding Interest charges.

Non-receipt of the SOA does not relieve you of your obligation to pay the amounts due on the Card by the Payment Due Date. To avoid incurring Late Charges and further Interest charges and other fees, in case you do not receive your SOA within seven (7) to ten (10) days from the Statement Date, please logon to Citibank Online (www.citibank.com.ph) to view your SOA online, or call CitiPhone (8995 9999 in Metro Manila or 234 9999 in Metro Cebu) immediately and pay before the Payment Due Date.

You may view the Citibank Online, Citi Electronic Statements and Citi Alerts User Agreements at www.citibank.com.ph/useragreements/cbolstatementsandalerts.
