

TERMS AND CONDITIONS OF THE CITI PAYLITE AFTER PURCHASE FACILITY

In these Terms and Conditions of the Citi PayLite after purchase Facility ("Terms and Conditions"), "Card" means all credit cards issued by us, Citibank, N.A. (Philippine Branch) or its successor and assign, Union Bank of the Philippines (hereafter, all references to Citi or Citibank N.A. – Philippine Branch is understood to be references to Union Bank of the Philippines) (also referred to as "we", "our", or "us"), while "you" refers to the select Citi Cardholders who are of good credit standing and who are eligible to avail of Citi PayLite after purchase. By availing of Citi PayLite after purchase, you agree to the following Terms and Conditions, and all applicable terms and conditions under the Citi Card Agreement and all related provisions of the Citi Installment Facilities:

1. Citi PayLite after purchase is an installment facility wherein select Citi Cardholders of good credit standing, as determined by us in our sole discretion, may convert an unbilled straight single-receipt retail transaction and pay the same, together with applicable interest and other fees, on installment basis ("Installment Transaction"). Cash Advance and Installment transactions, Interest Charges, and fees are not convertible under the Citi PayLite after purchase Facility. The Citi PayLite after purchase request will be subject to verification and credit approval by us. We may, at our option, require a minimum avancement amount for Citi PayLite after purchase.
2. Where we approve a request for Citi PayLite after purchase, the total Citi PayLite after purchase amount ("Principal Amount") shall be subject to these Terms and Conditions and all applicable terms and conditions under the Citi Card Agreement and all related provisions of the Citi Installment Facilities.
3. You may apply to convert more than one (1) of your unbilled straight single-receipt retail transactions to Citi PayLite after purchase. If you request to convert multiple transactions to installments, the Principal Amount will be the total purchase price of all the transactions that you requested to convert in the same request.
4. Points, rebates and miles ("Usage Privileges") earned from the transactions applied for conversion will be deducted from the Card account upon conversion, and will be earned back monthly in such amounts corresponding to the principal of the Monthly Installment Due billed. Earning and redeeming of Usage Privileges for the different Card products are governed by the respective Card's terms and conditions.
5. You expressly agree that charging of the Principal Amount is deferred for the first Statement of Account, and acknowledge that you will pay an initial interest in consideration of the longer payment period provided to you to repay the Principal Amount. The Monthly Installments Due ("MID") will be reflected on your second and succeeding Statements of Account after the approval date, and the interest component of the Monthly Installment Due will be computed as set out below.
6. The initial interest is computed based on the actual number of days from the approval date of your Installment Transaction to your first statement date after the said approval date. It will be charged on your first Statement of Account issued following the approval date. The initial interest is calculated by multiplying (i) the approved Principal Amount, (ii) the applicable monthly Effective Interest Rate ("EIR") [computed as set out below] and (iii) the number of days from the approval date to the first statement date; and dividing the total by thirty (30) days. It will be reflected on your Statement of Account as the charge on Month 0 [PayLite after purchase or Merchant Name Initial Int].
7. The Monthly Installment Due will be billed and reflected on your SOA after the Posting Date as [Installment Facility or Merchant Name (001:00x)] and so forth. You may compute the MID using the following formula:

$$\frac{\text{Principal Amount} \times [1 + (\text{Converted Monthly Factor Rate} \times \text{Term})]}{\text{Term}}$$

Where Term is the number of months that you chose for your Installment Transaction.

The MID of your Installment Transaction comprises the billed Principal and interest components, which are computed on a diminishing balance basis. The Interest and principal components of the Monthly Installments Due vary each month and are computed as follows:

- **Interest component:**
Prior month's outstanding principal balance x monthly Effective Interest Rate, where monthly EIR = $(1 + \text{Annual EIR})^{1/12} - 1$.
- **Principal portion:**
Monthly Installment Due - Interest component for the month

The Monthly Installments Due will be reflected on your second SOA from the approval date and succeeding Statements of Account as [PayLite after purchase or Merchant Name (001:00x)] and so forth.

8. Your avancement of the Citi PayLite after purchase means you agree to pay us interest on the Principal Amount on the dates specified in the SOA at the applicable Converted Monthly Factor Rate with a corresponding Effective Interest Rate per annum based on the outstanding principal balance and the Term.

For example:

Term* (Months)	Converted Monthly Factor Rate**	Annual Effective Interest Rate***
3	1.00%	19.46%
6	1.00%	22.29%
12	1.00%	23.70%
24	1.00%	23.84%

*The Term in this table refers to the number of months that you will be paying for the Principal Amount and the applicable monthly interest. The Term does not include the period covered by the first statement of account (period covered by the initial interest).

**The CMFR is presented as a guide that can be used to derive the Monthly Installment Due (principal plus interest).

***The computation of Annual Effective Interest Rate includes a Processing Fee of Two Hundred Fifty Pesos (Php 250).

NOTE: THE EFFECTIVE INTEREST RATES IN THE EXAMPLE ABOVE ARE BASED ON INTEREST COMPUTED ON A FIXED 30-DAY PERIOD PER MONTH. THE ACTUAL EIR OF THE INSTALLMENT TRANSACTION MAY BE HIGHER OR LOWER AS THIS INCLUDES THE INITIAL INTEREST AND THE PROCESSING FEE.

9. If your Citi PayLite after purchase request is approved, you shall be charged a non-refundable Processing Fee of Two Hundred Fifty Pesos (Php 250). for each Citi PayLite after purchase Transaction. UnionBank may, at its discretion subject only to prior notice to you, change the amount of the processing fee.
10. **Up to March 14, 2023, each Monthly Installment Due of your Citi PayLite after purchase Transaction was included in the Minimum Amount Due in your Statement of Account. Starting March 15, 2023, one hundred percent (100%) of the billed monthly interest component, and one percent (1%) of the billed Principal component of your Citi PayLite after purchase Transaction will be included in the Minimum Amount Due ("MAD") in your SOA. One percent (1%) of the unbilled portion of the Principal Amount of your Citi PayLite after purchase Transaction will be part of the calculation of your MAD in your SOA until the end of the Term of your Citi PayLite after purchase Transaction. To know more about how your Minimum Amount Due is calculated visit www.citibank.com.ph/eppmd.**
11. **We will charge the interest rate and/or fees as disclosed at the date of availing the Installment Transactions which shall be applicable during its entire Term and no additional fees and interest will be charged for this Installment Transaction, ONLY if you pay in full the Total Amount Due of your SOA by the Payment Due Date every month until you have paid all installments.**

For payments you made until March 14, 2023:

- (i) equal to or greater than the Minimum Amount Due but less than the Total Amount Due indicated in your current (or previous) SOA, the billed portion of the Principal Amount of your MID in your current SOA will be subject to the prevailing monthly retail interest charge from one day after Statement Date to one day before payment date. Interest will be compounded on a monthly basis.
 - (ii) less than the Minimum Amount Due as reflected in your current (or previous) monthly SOA, the billed portion of the Principal Amount of your MID will be subject to the prevailing monthly retail interest charge from one day after Statement Date to one day before payment date and additionally any unpaid portion of the billed portion of the Principal Amount of your MID will also be subject to the prevailing monthly retail interest charge from the payment date to the next Statement Date. Interest will be compounded on a monthly basis. Usual Late Charges will also apply. The above is subject to the terms of our Citi Card Agreement.
12. **From March 15, 2023, if we did not receive the full payment of the Total Amount Due as indicated in your current or previous monthly Statement of Account, (i) the billed portion of the Principal component of your MID in the current Statement, and (ii) any unpaid portion of any previous Principal component of your MID in your current Statement of Account will be subject to daily interest at the Retail Interest Rate as set out in the Statement of Account. This daily interest on the Installment Transaction will be charged from one day after Statement Date until:**
- (a) one day before the payment date of the Installment Transaction, if you pay the full Total Amount Due on or before the Payment Due Date, OR
 - (b) the date you pay the full Total Amount Due after the Payment Due Date.

Interest will be compounded on a monthly basis.

The Citi PayLite after purchase Transaction will be billed to you according to the scheduled term you have chosen at the time of booking. The Installment Transaction may take more than the scheduled Term to pay off in full if only the Minimum Amount Due is paid. In addition, if we do not receive the full payment of the Minimum Amount Due by the Payment Due Date, you must also pay the applicable Monthly Late Charge. The prevailing interest rate, fees and charges are available at www.citibank.com.ph/cardsrandf.

13. If your Card account is past due for sixty (60) days or more, the Installment Transaction will be cancelled. Any remaining unpaid balance will be billed to the Card account in full and will be subject to the prevailing monthly retail interest Charge. Please refer to the Citi Card Fees and Charges for the prevailing rates, fees and charges at www.citibank.com.ph/cardsrandf.
14. You may be entitled to a cooling-off period of at least two (2) days after availing of the Installment Transaction. During this cooling-off period, you have the option to cancel the installment availed by providing a notice of cancellation to the Bank. However, the Bank reserves the right to collect processing and administrative fees to cover expenses incurred, including applicable taxes, interest and Total Outstanding Balance, if any.
15. If you wish to cancel an Installment Transaction before its Term ends, you may do so without a prepayment penalty. In that case, you agree to pay in full the unpaid portion of the Principal Amount and the cancellation processing fee equivalent to Three Hundred Pesos (Php 300), plus accrued interest charges on the cancelled Installment Transaction from the last statement date until the date of cancellation. The accrued interest is calculated by multiplying (i) the remaining unbilled portion of the Principal Amount, (ii) the applicable monthly EIR [computed as set out above] and (iii) the number of days from the last statement date to the date of cancellation; and dividing the total by thirty (30) days. In case of promotions where we give you a premium item/s (which include promotional items, Usage Privileges, etc.), we may charge the full monetary equivalent of the premium item should you cancel the Installment Transaction.
